## **Nicole Connor**

Nicole Connor's rise as one of the well-respected Talent Representatives in Los Angeles came as no surprise. With a passion and dedication for this business, especially developing undiscovered Youth Talent, Nicole soon saw the fruits of her labor, as her talent was being sought after by Casting Directors. Her foray into this business came when she was given the task to develop a Theatrical and Commercial Division for an agency that was known primarily for Print and Fashion. With the development of that department, Nicole made that agency one of the forces to be reckoned with. Her talent also continues to book Feature Films, Television, Regional and National Commercials such as **PayPal, Samsung, Welch's, Sonic, and On Star**. Her clients can be seen on Networks such as **CBS, ABC**, as well as the digital platform, **Netflix, Disney+** – Just to name a few. Her actors have booked Guest Star Recurring roles on **N.C.I.S, Lopez vs Lopez**, and have Guest Starred, and Co-Starred on shows such as **"S.W.A.T.,"** the Emmy Award winning show **"Abbot Elementary,"** **"It's Always Sunny in Philadelphia,"** and she currently represents the young lead actress in the national tour of **"TINA: The Tina Turner Musical."** She also represents one of the leads on the DreamWorks animation series. Nicole continues to seek undiscovered talent that has the drive, passion, and potential. Nicole believes that "Passion must be the thread woven through the fabric of an actor, and that passion for this business, cannot be taught."
